

Photos of Sven Stage and Yngve Larsson:

Begreppen "minimizon" och
"priset på sista kWh" lanserades
av tekniske direktören Sven Stage.
Begreppen låg till grund för
Kraftbalanskommitténs arbete.

Text on the picture: The concept of "minimum zone" and "the price of the last kWh" was launched by Technical Director Sven Stage. The concept was basis for the Power Balance Committee's work

From the left: Vice president Anders Björgerd, President Göran Ekberg, Vice president Yngve Larsson. Photo from the head office balcony of Sydkraft (today part of EON), facing Regementsgatan in Malmö, Sweden, 1977.
